EDUCATION

Government College of Engineering, Karad   **2021 - 2025**

B.Tech in Information Technology Engineering

4th Year Under Graduation

Technical Skills

Programming Skills : C, C++, Data Structure & Algorithms, OOP, SQL, OS, HTML, CSS, Tailwind CSS, Javascript, Node Js, MongoDb, redux

Tools and Frameworks : React Js, Express Js, Github, Postman, Figma

PROJECTS

E-Commerce Website   Link

[React Js, Node Js, Express Js, MongoDB, Redux]
- Led the development of a robust E-Commerce platform using the MERN stack, implementing responsive front-end interfaces with React.js and secure back-end functionalities with Node.js and Express.js.
- Crafted secure authentication, authorization, payment gateways, and admin panels, enabling seamless operations, sales monitoring, and efficient product management in projects.

Connect2Campus   Link

[React Js, Node Js, Express Js, MongoDB, Redux]
- TPO Portal Management, a centralized web application designed to streamline the campus placement process
- Developed an online platform for student placement, including admin approval workflows and real-time updates.
- Implemented a seamless process for TPO-Admin to create and manage placement drives.

Portfolio Website   Link

[React Js]
- A dynamic platform showcasing my diverse professional projects, ranging from web development to coding skills.
- Dive into curated projects, testimonials, and case studies demonstrating my creativity and problem-solving prowess.

Bank Management System   Link

[C++, OOP]
- Designed and implemented a Bank Management System using C++ and Object-Oriented Programming principles. Included functionalities for managing accounts and transactions.
- Console based project, contains functionalities such as creating account,money deposit,withdraw and account update.

Positions of Responsibility

Club Leader   **Aug.2023 - Present**

Google Developer Student Club-(GDSC Club)
- facilitated and guided tech community in various activities related to technology, learning, and collaboration.

Achievement

IDEATHON 2024 - Runner Up

College Level Hackathon,Presented TPO portal website for centralize the college placement process.

CodeChef - 2 STARS

Regular participant in CodeChef contests, consistently solving complex problems within stringent time constraints.

LeetCode - 200+ problem Solved

Consistent performer on LeetCode challenges, consistently solving problems of varying difficulty levels.
